The Park View School Mission Statement

Park View Middle School is an educational community bringing together all stakeholders in a clear, focused, and collaborative effort to guarantee ***Learning for All***. In order to achieve ***Learning for All*** we are committed to:

1. ***A Safe and Orderly School Environment.***
2. ***A Climate of High Expectations for Success.***
 - Student motivation through choice and involvement in their own learning
 - Learning Targets and the newly developed Common Cores for English Language Arts guide classroom instruction.
 - Continual Professional Development
3. ***Instructional Leadership*** that includes all adults, and persistently communicates that mission to parents and students.
4. Asking the right questions increasing ***Students' Time on Task.***
 - What do we expect students to learn?
 - How will we know what students have learned?
 - How will we respond to students who are not learning?
 - What will we do for those who are learning?
5. ***Frequent Monitoring of Student Progress.***
 - Common Assessments given by departments
 - Utilizing data protocols to match the right students to the proper academic intervention or learning extension.
6. Strong ***Home to School Relations.***
 - We will build enough trust and enough communication to realize that both teachers and parents have the same goal—an effective school and home for all children!
